

CALEB ORAKPOR

FRONT-END REACT DEVELOPER

ABOUT ME

Vision-oriented front-end developer, eager to learn and explore full skill and potential in a business-oriented environment. A committed learner who began by creating designs using the Paint graphics editor progressed to writing "hello world" on the C programming console and is now a self-taught react developer, seeking to take advantage of a favourable opportunity to work and advance in a technical position.

EXPERIENCE

March 2018 – November 2018 | ICT/Innovation Centre UNN, Enugu State

Web Developer Intern

- Analyzed existing website, suggested, and implemented changes that optimized performance by 20%, accessibility by 10%, best practice by 15%, and search engine by 10%.
- Tutored seven new trainees on Microsoft excel, word, PowerPoint, HTML, and CSS.
- Improved the responsiveness of an already existing website, to fit well on mobile devices.
- Converted a Figma design into a webpage using HTML, CSS, and React.
- Developed user interfaces with modern JavaScript frameworks, HTML5 and CSS3.
- Communicated effectively with hundreds of students and staff to resolve school email and profile-related issues.
- Worked with developers to create a subdomain for a new department in the University (UNN).
- Trained over 10 IT interns in internal web functions, including steps on how to independently make minor updates and changes
- Fixed bugs from existing websites and implemented enhancements that significantly improved web functionality and speed by 20%
